RESTRICTION REQUIREMENT

This is in reply to the Office Action mailed March 7, 2006. It is timely filed on March 23, 2006.

Applicants elect, with traverse, Examiner's Group II, Claims 1, 2, 4, 5, and 8-24, "drawn to compositions comprising cationic fabric softeners". Claim 7 (see below) should be in Group II. Further, applicants provisionally elect for prosecution the species of claim 2b): fatty ester quaternary ammonium compounds.

It is noted that the Examiner has indicated that claims 18-24 are drawn to compositions; however, these claims are drawn to methods.

The typographical error in claim 2 is noted. This and other minor errors, such as the period missing at the end of claim 1, can be attended to in response to the first substantive Office Action.

The claims pending in this application are 1-24, not "1-6 and 8-22", as stated by the Examiner. Claim 7 begins at the bottom of page 21/26; claims 23 and 24 appear on page 25/26. Correction by the Examiner is requested.

Respectfully submitted,

Heibel *et al.*
